### Trail Sweeps will be provided with:

- First-Aid kit (**leave at ending checkpoint**)
- Maps of Trail Challenge course
- 2 Trash bags
- Volunteer t-shirts (**please wear during shift**)

### Responsibilities

- At check-in, ask the Radio Operator to report your arrival to Radio HQ.
- Do not leave the checkpoint until it is closed and you receive the “Go Ahead” from the checkpoint crew leader. The checkpoint will close at the scheduled time, after the KTA Trail Sweeps from the previous section arrive. (This does not apply to sweeps leaving from either race starting line).
- **Together with your partner, hike from the closed checkpoint to the next checkpoint, behind the last participant.**
- 1-2 Ham Radio Operators may hike with you. They may also refer to themselves as “Sweeps,” but they are not the official event Sweeps – **YOU ARE**. They can be invaluable in providing communications between Checkpoints.
- **Do not separate** from your partner unless it is necessary to seek aid for an injured or ill participant.
- Check for slow, lost, and injured participants, **remove flagging tape and signage**, pick up litter, and note trail damage.
- If someone needs aid, contact Radio HQ. If the participant is mobile, accompany them to the next checkpoint. If they are unable to go that far, try to get them to the closest road crossing. If the participant can’t move, contact Radio HQ. If no reception, one sweep should stay with the participant while the other sweep seeks a communication site.
- When you arrive at the next checkpoint, identify yourself as the Official KTA Trail Sweep to the Checkpoint Crew Leader.
- Transportation should be planned in advance from the end-point back to your vehicle.
