

## KTA 2022 Covid Policy

Subject to change as the situation evolves.

### Socially Distant Events

Hiking Weekends, Day Hikes, River Day Trips, Trail Challenge

- Participants must be fully vaccinated (have received all vaccines including boosters as recommended by the CDC per eligibility) **or** test negative for Covid within 36 hours of attending the event using any [FDA approved Covid test](#). Testing is still recommended but not required if you are vaccinated.
- Masks are to be worn indoors and in shared vehicles when reasonable.
- Social Distancing is to be observed where possible.

### Close Quarters Events

Slackpacks, River Overnight Trips, Overnight Workshops

- All participants must test negative for Covid within 36 hours of attending the event using any [FDA approved Covid test](#).
- Full vaccination regiment (all vaccines including boosters as recommended by the CDC per eligibility) highly recommended.
- Masks are to be worn indoors and in shared vehicles when reasonable.
- Social Distancing is to be observed when possible.

By registering for any KTA event:

- You agree to adhere to the relevant Covid Policies of KTA and the host venue. Failure to comply with KTA health and safety guidelines will result in dismissal from the event without refund.
- You accept the risk of contracting contagious diseases, as reduced by the above Covid Policies, and will not hold KTA responsible for any illness that may have been contracted at the event.
- You agree to alert KTA if you develop Covid symptoms within one week the event, and to permit KTA to alert participants of potential exposure.
